

ASSTRA CHEMICALS LOGISTICS

TRANSPORTATION OF CHEMICAL PRODUCTS

 chemicals@asstra.com

The Asstra-Associated Traffic AG corporate group has developed a set of transport and logistics services to support the international transportation of chemicals. Both neutral and dangerous goods in various states of aggregation can be shipped.

The **Asstra Chemical Logistics Division** team organizes optimal logistics solutions tailored to the specific needs of each Customer from the chemicals industry.

For 27 years, Customers have relied on the Asstra corporate group's support as they grow in the industry. Various chemicals, both hazardous and non-hazardous, and chemical industry equipment account for approximately 20% of the total goods the company transports.

SERVICES FOR CLIENTS FROM THE CHEMICAL INDUSTRY:

Direct and combined delivery schemes for chemical products using every type of transport.

Dry and bulk chemical cargo transportation in shipments.

Unloading, utilization of container liners, and transshipment of any cargo, including liquid chemicals.

ADVANTAGES FOR CLIENTS

DEDICATED Key Account Manager at AsstrA for every top-valued Client. To meet the necessary requirements and working standards, the Client receives a personal consultant who monitors shipments and provides updates at every stage.

OPTIMIZATION of existing delivery schemes. Based on a logistics audit, the AsstrA team selects a balanced solution according to the specific rules, requirements, and workflows of each industry.

CONSULTING at each stage of transportation, including the development of new schemes for entering the markets of Europe, the CIS, Asia, and the USA.

COOPERATION with reliable transport suppliers on the basis of long-term contracts in clients' best interest.
